

POLICY NUMBER	
SECTION	Special Education
TITLE	Annual Notice of Special Education Services
ADOPTED	
REVISED	05-09-2023

All children with disabilities residing in the Commonwealth, regardless of the severity of their disabilities, and who need special education and related services, are to be located, identified and evaluated. This responsibility is required by a federal law called the Individuals with Disabilities Education Improvement Act of 2004, 20 U.S.C. 1200 et. seq. ("IDEA"). The purpose of this Policy is to set forth Franklin Towne Charter Elementary School's ("FTCES" or the "Charter School") compliance with IDEA, Section 504 of the Rehabilitation Act of 1973, and state regulations implementing these laws that are applicable to the Charter School.

Public Awareness of the Charter School's Special Education Services and Programs

Chapter 711 of Title 22 of the Pennsylvania Code requires the publication of a notice to parents regarding public awareness activities sufficient to inform parents of children applying to or enrolled in the Charter School of available special education services and programs and how to request those services and programs and of systematic screening activities that lead to the identification, location and evaluation of children with disabilities enrolled in the Charter School. In addition, the federal Family Educational Rights and Privacy Act of 1974 (FERPA), which protects confidentiality, requires educational agencies to notify parents annually of their confidentiality rights.

FTCES fulfills its duties with this annual notice and has incorporated several sections of the PaTTAN Procedural Safeguards Notice into its Child Find Notice, Policies and Procedures described below. The Charter School also directs parents to the procedural safeguards notice from PaTTAN available at the PaTTAN website (www.pattan.net), or from the school's main office for additional information regarding rights and services.

Parents may contact the school at any time to request a copy of the procedural safeguards notice or with any other questions about special education, services, screenings, policies or procedures. The Procedural Safeguards Notice is made available to parents by the school: (1) upon initial referral or parent request for evaluation; (2) upon filing by parents of their first State complaint under 34 CFR §§300.151 through 300.153 and upon filing by parents of their first due process complaint under §300.507 in a school year; (3) when a decision is made to take a disciplinary action that constitutes a change of placement; and (4) upon parent request.

The purpose of this annual notice is to comply with the school's obligations under Chapter 711 of Title 22 of the Pennsylvania Code and to describe: (1) the types of disabilities that might qualify the child for special education, (2) the special education programs and related services that are available, (3) the

process by which the Charter School screens and evaluates such students to determine eligibility, (4) the special rights that pertain to such children and their parents or legal guardians and (5) the confidentiality rights that pertain to student information.

A copy of this Annual Notice shall also be available on the school's website at <https://es.franklintowne.org>

Qualifying for special education and related services under IDEA

FTCES students qualify for special education and related services if they have one or more of the following disabilities and, as a result, need special education and related services: intellectual disability, hearing impairment, including deafness; speech or language impairment; visual impairment, including blindness; serious emotional disturbance; orthopedic impairment; autism; traumatic brain injury; other health impairment; specific learning disability; deaf-blindness; or multiple disabilities. IDEA provides legal definitions of the above-listed disabilities, which may differ from those terms used in medical or clinical practice or daily language.

Services Students Receiving 504 Services

Under Section 504 of the federal Rehabilitation Act of 1973, some school age children with disabilities who do not meet the eligibility criteria outlined above might nevertheless be eligible for special protections and for adaptations and accommodations in instruction, facilities, and activities. Children are entitled to such protections, adaptations, and accommodations if they have a mental or physical disability that substantially limits or prohibits participation in or access to an aspect of the school program and otherwise qualify under the applicable state and federal laws, including Chapter 711 of Title 22 of the Pennsylvania Code and Section 504.

The Charter School must ensure that qualified handicapped students have equal opportunity to participate in the school program and activities to the maximum extent appropriate for each individual student. In compliance with applicable state and federal laws, the Charter School provides to each qualifying protected handicapped student without discrimination or cost to the student or family, those related aids, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and activities to the maximum extent appropriate to the student's abilities and to the extent required by the laws.

These services and protections for protected handicapped students may be distinct from those applicable to eligible or thought-to-be eligible students. The Charter School or a parent may initiate an evaluation if they believe a student is a protected handicapped student. For further information on the evaluation procedures and provision of services to protected handicapped students, parents should contact the school's Director of Special Education, Theresa Goodchild.

ALL STUDENTS WHO ARE ELIGIBLE FOR SPECIAL EDUCATION AND/OR RELATED SERVICES, OR WHO ARE PROTECTED HANDICAPPED STUDENTS, ARE ENTITLED TO A FREE AND APPROPRIATE PUBLIC EDUCATION, KNOWN AS A "FAPE."

UNDER IDEA, A FAPE means special education and related services that: (1) are provided at public expense, under public supervision and direction, and without charge; (2) meet state standards (including IDEA requirements); (3) include an appropriate preschool, elementary school, or secondary school education; and (4) are provided in accordance with a properly developed Individualized Education Plan ("IEP").

Under Section 504, a FAPE means modifications, accommodations, or related aids and services to participate in the school's educational programs and activities.

Note: the standards under Section 504 can apply to students receiving services under the IDEA, or to students who only need modifications, accommodations, or related aids and services to participate in the general education curriculum.

Least Restrictive Environment

Charter Schools ensure that children with disabilities are educated to the maximum extent possible in the regular education environment or "least restrictive environment." To the maximum extent appropriate, students with disabilities are educated with students who are not disabled. Special classes, separate schooling, or other removal of students with disabilities from the general educational environment occurs only when the nature or severity of the disability is such that education in general education classes, even with the use of supplementary aids and services cannot be achieved satisfactorily. Programs and services available to students with disabilities, might include: (1) regular class placement with supplementary aides and services provided as needed in that environment; (2) regular class placement for most of the school day with itinerant service by a special education teacher either in or out of the regular classroom; (3) regular class placement for most of the school day with instruction provided by a special education teacher in a resource classroom; (4) part-time special education class placement in a regular public school or alternative setting; and (5) special education class placement or special education services provided outside the regular class for most or all of the school day, either in a regular public school or alternative setting.

Depending on the nature and severity of the disability, a Charter School can provide special education programs and services in locations such as: (1) the school the child would attend if not disabled, (2) an alternative regular public school either in or outside the school, (3) a special education center operated by a public school entity or Intermediate Unit ("IU"), (4) an approved private school or other private facility licensed to serve children with disabilities, (5) a residential school, (6) approved out-of-state program, or (7) in the home.

Special education services are provided according to the educational needs of the child, not the category of disability. Types of service that may be available, depending upon the child's disability and needs include, but are not limited to: (1) learning support; (2) life skills support; (3) emotional support; (4) deaf or hearing impaired support; (5) blind or visually impaired support; (6) physical support; (7) autistic support; (8) multiple disabilities support, (9) speech and language support; and (10) extended school year support.

Related services are designed to enable the child to participate in or access his or her program of special education. Examples of related services that a child may require include but are not limited to speech and language therapy, transportation, occupational therapy, physical therapy, school nursing services, audiologist services, counseling, parent training, certain medical services for diagnostic or evaluation purposes, social work, recreation, and transition. Some students may also be eligible for extended school year services if determined needed by their IEP teams in accordance with Chapter 711 regulations.

The Charter School, in conjunction with the parents, determines the type and intensity of special education and related services that a particular child needs based exclusively on the unique program of

special education and related services that the school develops for that child. The child's program is described in writing in an individualized education program, or "IEP," which is developed by an IEP team consisting of educators, parents, and other persons with special expertise or familiarity with the child. The participants in the IEP team are dictated by IDEA. The parents of the child have the right to be notified of and to be offered participation in all meetings of their child's IEP team. The IEP is revised as often as circumstances warrant but must be reviewed at least once annually. The law requires that the program and placement of the child, as described in the IEP, be reasonably calculated to ensure meaningful educational benefit to the student. In accordance with IDEA, there may be situations in which a Charter School may hold an IEP team meeting if the parents refuse or fail to attend the IEP team meeting.

IEPs generally contain: (1) a statement of present levels of academic achievement and functional performance; (2) a statement of measurable annual goals established for the child; (3) a statement of how the child's progress toward meeting the annual goals will be measured and when periodic reports will be provided; (4) a statement of the special education and related services and supplementary aids and services and a statement of the program modifications or supports for school personnel that will be provided, if any; (5) an explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and in activities; (6) a statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the child on State and school assessments; and (7) the projected date for the beginning of the services and modifications and the anticipated frequency, location and duration of those services or modifications.

Beginning not later than the first IEP to be in effect when the child turns 14, or younger if determined appropriate by the IEP Team, and updated annually, thereafter, the IEP must include appropriate measurable postsecondary goals and transition services needed to assist in reaching those goals. The Charter School must invite the child to the IEP team meeting at which the transition plan is developed. Beginning not later than one year before the child reaches the age of majority under State law, the IEP must include a statement that the child has been informed of the child's rights, if any, that will transfer to the child on reaching the age of majority.

Screening and Evaluation Procedures for Children to Determine Eligibility

Screening

The Charter School has established a system of screening which may include pre-referral intervention services to accomplish the following:

1. Identification and provision of initial screening for students prior to referral for a special education evaluation.
2. Provision of peer support for teachers and other staff members to assist them in working effectively with students in the general education curriculum.
3. Identification of students who may need special education services and programs.

The screening process includes:

Hearing and vision screening in accordance with the Pennsylvania Public School Code for the purpose of identifying students with hearing or vision difficulty so that they can be referred for assistance or recommended for evaluation for special education.

Screening at reasonable intervals to determine whether all students are performing based on grade-appropriate standards in core academic subjects.

The Charter School has established and implements procedures to identify, locate, and evaluate all children suspected of being eligible for special education. These procedures involve screening activities which may also include but are not limited to review of data and student records; motor screening; and speech and language screening. The school assesses the current achievement and performance of the child, designs school-based interventions, and assesses the effectiveness of interventions. If the concern can be addressed without special education services or is the result of limited English proficiency or appropriate instruction, a recommendation may be made for interventions other than a multidisciplinary team evaluation. Parents nevertheless have the right to request a multidisciplinary team evaluation at any time, regardless of the outcome of the screening process.

In accordance with Chapter 711, in the event that the Charter School would meet the criteria in 34 CFR 300.646(b)(2) (relating to dis-proportionality), as established by the State Department of Education, the services that would be required include:

1. A verification that the student was provided with appropriate instruction in reading, including the essential components of reading instruction (as defined in section 1208(3) of the Elementary and Secondary Education Act (ESEA) (20 U.S.C.A. § 6368(3), and appropriate instruction in math.
2. For students with academic concerns, an assessment of the student's performance in relation to State-approved grade level standards.
3. For students with behavioral concerns, a systematic observation of the student's behavior in the school environment where the student is displaying difficulty.
4. A research-based intervention to increase the student's rate of learning or behavior change based on the results of the assessments under paragraph (2) or (3), or both.
5. Repeated assessments of achievement or behavior, or both, conducted at reasonable intervals, reflecting formal monitoring of student progress during the interventions.
6. A determination as to whether the student's assessed difficulties are the result of a lack of instruction or limited English proficiency.
7. A determination as to whether the student's needs exceed the functional ability of the regular education program to maintain the student at an appropriate instructional level.
8. Documentation that information about the student's progress as identified in paragraph (5) was periodically provided to the student's parents.

Except as indicated above or otherwise announced publicly, screening activities take place in an on-going fashion throughout the school year. Screening is conducted at the Charter School unless other arrangements are necessary or arranged.

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation is not to be considered an evaluation for eligibility for special education and related services.

If parents need additional information regarding the purpose, time, and location of screening activities, they should call or write the Principal and/or Director of Special Education Services of FTCS.

Screening or pre-referral intervention activities may not serve as a bar to the right of a parent to request an evaluation, at any time, including prior to or during the conduct of screening or pre referral intervention activities.

Evaluation

An evaluation under IDEA involves the use of a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child, including information provided by the parent that may assist in determining whether the child is a child with a disability and the content of the child's IEP. The Charter School does not use any single measure or assessment as a sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child. Technically sound instruments are used to assess the relative contribution of cognitive and behavioral factors in addition to physical or developmental factors. Parental consent must be obtained by FTCES prior to conducting an initial evaluation to determine if the child qualifies as a child with a disability, and before providing special education and related services to the child. Parental consent for an evaluation shall not be construed as consent for their child to receive special education and related services. The screening of a child by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation is not considered to be an evaluation for eligibility for special education and related services; therefore, parental consent is not required in this instance.

The law contains additional provisions and due process protections regarding situations in which parental consent for an initial evaluation is absent or refused discussed more fully below and in the PaTTAN Procedural Safeguards Notice. If you have any questions about where to obtain a copy of the PaTTAN Procedural Safeguards Notice, contact the Director of Special Education Services at FTCES.

The evaluation process is conducted by a Multi-Disciplinary Team (MDT) which includes a teacher, other qualified professionals who work with the child, the parents and other members as required by law. The MDE process must be conducted in accordance with specific timelines and must include protection-in-evaluation procedures. For example, tests and procedures used as part of the Multi-Disciplinary Evaluation may not be racially or culturally biased.

The MDE process results in a written report called an Evaluation Report (ER). This report makes recommendations about a student's eligibility for special education based on the presence of a disability and the need for specially designed instruction.

Parents who think their child is eligible for special education may request, at any time, that the Charter School conduct a Multi-Disciplinary Evaluation. Requests for a Multi-Disciplinary Evaluation must be made in writing to the Director of Specialized Services at the Charter School.

If a parent makes an oral request for a Multi-Disciplinary Evaluation, the Charter School shall provide the parent with a form(s) for that purpose. If the public school denies the parents' request for an evaluation, the parents have the right to challenge the denial through an impartial hearing or through voluntary alternative dispute resolution such as mediation.

Reevaluations are conducted if the Charter School determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or if the child's parent or teacher requests a reevaluation. A reevaluation may occur not more than once a year, unless the parent and the Charter School agree; and must occur once every 3

years, unless the parent and the Charter School agree that a reevaluation is unnecessary, Students with an intellectual disability must be reevaluated every two years under State law.

Educational Placement

The determination of whether a student is eligible for special education is made by an Individualized Education Program (IEP) team. The IEP team includes the parents of a child with a disability; not less than one regular education teacher, if the child is, or may be, participating in the regular education environment; not less than one special education teacher, or when appropriate, not less than one special education provider; a representative of the school who is qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of children with disabilities, is knowledgeable about the general education curriculum, and is knowledgeable about the availability of resources of the School; an individual who can interpret the instructional implications of evaluation results, who may be a member of the team described above; other individuals, at the discretion of the parent or the agency, who have knowledge or special expertise regarding the child, including related services personnel as appropriate; and whenever appropriate, a child with a disability. IEP team participation is directly addressed by the regulations. If the student is determined to be eligible for special education, the IEP team develops a written education plan called an IEP. The IEP shall be based in part on the results of the Multi-Disciplinary Evaluation. The IEP team may decide that a student is not eligible for special education. In that instance, recommendations for educational programming in regular education may be developed from the ER.

Placement must be made in the “least restrictive environment” in which the student's needs can be met with special education and related services. All students with disabilities must be educated to the maximum extent appropriate with children who are not disabled.

Parents and Surrogate Parents

For purposes of this Notice, FTCEs considers the following individuals as a “parent”: a biological or adoptive parent of a child; a foster parent; a guardian generally authorized to act as the child's parent, or authorized to make educational decisions for the child; an individual acting in the place of a biological or adoptive parent (including a grandparent, stepparent, or other relative) with whom the child lives, or an individual who is legally responsible for the child's welfare; or a surrogate parent.

A surrogate parent must be appointed when no parent can be identified; a public agency, after reasonable efforts, cannot locate a parent; the child is a ward of the State under the laws of Pennsylvania, or the child in an unaccompanied homeless youth as defined by the McKinney Vento Homeless Assistance Act, 42 U.S.C. Sec. 11434a(6). A person selected as a surrogate parent must not be an employee of the Pennsylvania Department of Education, the Charter School or any other agency that is involved in the education or care of the child; has no personal or professional interest that conflicts with the interest of the child the surrogate parent represents; and has knowledge and skills that ensure adequate representation of the child. The surrogate parent may represent the child in all matters relating to the identification, evaluation, and educational placement of the child and the provision of FAPE to the child. Reasonable efforts must be made to ensure the assignment of surrogate parent not more than 30 days after it is determined that the child needs a surrogate parent.

Prior Written Notice

The Charter School will notify the parent whenever the Charter School:

- a. Proposes to initiate or to change the identification, evaluation, or educational placement of your child, or the provision of a free appropriate public education (FAPE) to your child;
- b. Refuses to initiate or to change the identification, evaluation, or educational placement of your child, or the provision of FAPE to your child;
- c. Recommends a change of placement for disciplinary reasons;
- d. Initiates a due process hearing, or an expedited due process hearing;
- e. Refuses to agree to fund an independent educational evaluation (IEE) at public expense.

In Pennsylvania, prior written notice is provided by means of a Prior Written Notice Form/Notice of Recommended Educational Placement. You should be given reasonable notice of the proposal or refusal so that if you do not agree with the Charter School, you may take appropriate action. Reasonable Notice generally means ten (10) days.

The prior written notice must describe the action that the Charter School proposes or refuses to take, and shall:

1. Explain why the Charter School is proposing or refusing to take the action;
2. Describe each evaluation procedure, assessment, record, or report the Charter School used in deciding to propose or refuse the action;
3. Include a statement that the child has protections under the procedural safeguards provisions in Part B of IDEA;
4. Inform the Parent how they can obtain a description of the procedural safeguards if the action that the Charter School is proposing or refusing is not an initial referral for evaluation;
5. Include resources for the Parent to contact for help in understanding Part B of the IDEA;
6. Describe any other choices that your child's IEP Team considered and the reasons why those choices were rejected; and
7. Provide a description of other reasons why the Charter School proposed or refused the action.

The notice must be:

1. Written in language understandable to the general public; and
2. Provided in the Parent's native language or other mode of communication, unless it is clearly not feasible to do so.
3. If your native language or other mode of communication is not a written language, the Charter School will ensure that:
 - a. The notice is translated for you orally or by other means in your native language or other mode of communication;
 - b. You understand the content of the notice; and
 - c. There is written evidence that 1 and 2 have been met.

Native language, when used with an individual who has limited English proficiency, means the following: The language normally used by that person, or, in the case of a child, the language normally used by the child's parents; and in all direct contact with a child (including evaluation of a child), the language normally used by the child in the home or learning environment.

For a person with deafness or blindness, or for a person with no written language, the mode of communication is what the person normally uses (such as sign language, Braille, or oral communication).

Parental Consent

Consent means:

- a. The Parent has been fully informed in the Parent's native language or other mode of communication (such as sign language, Braille, or oral communication) of all information about the action for which consent is sought;
- b. The Parent understands and agrees in writing to that action, and the consent describes that action and lists the records (if any) that will be released and to whom; and
- c. The Parent understands that the consent does not negate (undo) an action that has occurred after consent is given but before it has been withdrawn.

Need for Parental Consent

Initial Evaluations (34 CFR §300.300)

A. General Rule: Consent for initial evaluation

FTCES cannot conduct an initial evaluation of your child to determine whether your child is eligible under Part B of the IDEA to receive special education and related services without first providing you with prior written notice of the proposed action and without obtaining your consent. The Charter School must make reasonable efforts to obtain your informed consent for an initial evaluation to decide whether your child is a child with a disability. Your consent for initial evaluation does not mean that you have also given your consent for the Charter School to start providing special education and related services to your child. If your child is enrolled in public school or you are seeking to enroll your child in a public school and you have refused to provide consent or failed to respond to a request to provide consent for an initial evaluation, the Charter School may, but is not required to, seek permission to conduct an initial evaluation of your child by utilizing IDEA's mediation or due process hearing procedures.

B. Special rules for initial evaluation of wards of the State

Under Pennsylvania law, if a child is designated a ward of the state, the whereabouts of the parent are unknown or the rights of the parent have been terminated in accordance with State law. Therefore, someone other than the parent has been designated to make educational decisions for the child. Consent for an initial evaluation should, therefore, be obtained from the individual so designated. Ward of the State, as used in the IDEA, encompasses two other categories, so as to include a child who is:

1. A foster child who does not have a foster parent;
2. Considered a ward of the State under State law; or
3. In the custody of a public child welfare agency,

Consent for Initial Placement in Special Education (34 CFR §300.300)

Parental consent for services

FTCES must obtain your informed consent before providing special education and related services to your child for the first time. The Charter School must make reasonable efforts to obtain your informed consent before providing special education and related services to your child for the first time.

If you do not respond to a request to provide your consent for your child to receive special education and related services for the first time, or if you refuse to give such consent, the Charter School may not use the procedural safeguards (i.e. mediation, due process complaint, resolution meeting, or an impartial due process hearing) in order to obtain agreement or a ruling that the special education and related services as recommended by your child's IEP Team may be provided to your child without your consent.

If you refuse to give your consent for your child to start receiving special education and related services, or if you do not respond to a request to provide such consent and the Charter School does not provide your child with the special education and related services for which it sought your consent, the Charter School:

1. Is not considered be in violation of the requirement to make FAPE available to your child for its failure to provide those services to your child; and
2. Is not required to have an IEP meeting or develop an IEP for your child for the special education and related services for which your consent was request.

Parent Revocation of Consent

1. A parent may revoke consent for services. They must submit written documentation to the Director of Specialized Services revoking consent for special education and related services;
2. When consent is revoked for special education and related services, the Charter School must provide you with Prior Written Notice;
3. Special education and related services cannot cease until the Charter School provides you with Prior Written Notice;
4. Prior notice is defined as ten calendar days;
5. Charter School staff cannot use mediation or due process to override your revocation of consent;
6. The Charter School will not be considered in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services;
7. The Charter School is not required to amend the child's educational records to remove any references to the child's receipt of special education and related services because of the revocation of consent; and
8. The Charter School is not required to convene an IEP team meeting or develop an IEP for the child for further provision of special education and related services.

Consent for Reevaluations (34 CFR §300.300)

The Charter School must obtain your informed consent before it reevaluates your child, unless the Charter School can demonstrate that:

1. It took reasonable steps to obtain your consent for your child's reevaluation; and
2. You did not respond.

Documentation Reasonable Efforts to Obtain Parental Consent (34 CFR §300.300)

The Charter School must maintain documentation of reasonable efforts to obtain parental consent for initial evaluations, to provide special education and related services for the first time, to reevaluation

and to locate parents of wards of the State for initial evaluations. The documentation must include a record of the Charter School's attempts in these areas, such as:

1. Detailed records of telephone calls made or attempted and the results of those calls;
2. Copies of correspondence sent to the parents and any responses received; and
3. Detailed records of visits made to the parent's home or place of employment and the results of those visits.

Consent Not Required Related to Evaluation

Your consent is not required before the Charter School may:

1. Review existing data as part of your child's evaluation or a reevaluation; or
2. Give your child a test or other evaluation that is given to all children unless, before that test or evaluation, consent is required from all parents of all children.

Refused Consent to a Reevaluation

If you refuse to consent to your child's reevaluation, the Charter School may, but is not required to, pursue your child's reevaluation by using the mediation, due process complaint, resolution meeting, and impartial due process hearing procedures to seek to override your refusal to consent to your child's reevaluation. As with initial evaluations, the Charter School does not violate its obligations under Part B of the IDEA if it declines to pursue the reevaluation in this manner.

The Charter School may not use your refusal to consent to one service or activity to deny you or your child any other service, benefit, or activity.

Disagreements with an Evaluation

1. Independent Educational Evaluations (34 CFR §300.502)
 1. General – As described below, you have the right to obtain an independent educational evaluation (IEE) of your child if you disagree with the evaluation of your child that was obtained by the Charter School. If you request an IEE, the Charter School must provide you with information about where you may obtain an IEE and about the Charter School's criteria that apply to IEEs.
 2. Definitions
 - a) Independent educational evaluation means an evaluation conducted by a qualified examiner who is not employed by the Charter School responsible for the education of your child.
 - b) Public expense means that the Charter School either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to you, consistent with the provisions of Part B of the IDEA, which allow each State to use whatever State, local, Federal and private sources of support are available in the State to meet the requirements of Part B of the Act.
 3. Parent right to an evaluation at the public expense – You have the right to an IEE of your child at public expense if you disagree with an evaluation of your child obtained by the Charter School, subject to the following conditions:

- a) If you request an IEE of your child at public expense, the Charter School must, without unnecessary delay, either
 - i. File a due process complaint to request a hearing to show that its evaluation of your child is appropriate; or
 - ii. Provide an IEE at public expense, unless the Charter School demonstrates in a hearing that the evaluation of your child that you obtained did not meet the Charter School's criteria.
- b) If the Charter School requests a hearing and the final decision is that the Charter School's evaluation of your child is appropriate, you still have the right to an IEE, but not at public expense.
- c) If you request an IEE of your child, the Charter School may ask why you object to the evaluation of your child obtained by the Charter School. However, the Charter School may not require an explanation and may not unreasonably delay either providing the IEE of your child at public expense or filing a due process complaint to request a due process hearing to defend the Charter School's evaluation of your child.
- d) You are entitled to only one IEE of your child at public expense each time the Charter School conducts an evaluation of your child with which you disagree.
- e) Charter School criteria If an IEE is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the Charter School uses when it initiates an evaluation (to the extent those criteria are consistent with your right to an IEE). Except for the criteria described above, a Charter School may not impose conditions or timelines related to obtaining an IEE at public expense.

2. Parent-initiated evaluations

If you obtain an IEE of your child at public expense or you share with the Charter School an evaluation of your child that you obtained at private expense:

- 1. The Charter School must consider the results of the evaluation of your child, if it meets the Charter School's criteria for IEEs, in any decision made with respect to the provision of FAPE to your child; and
 - 2. You or the Charter School may present the evaluation as evidence at a due process hearing regarding your child.
3. Requests for evaluations by hearing officers If a hearing officer requests an IEE of your child as part of a due process hearing, the cost of the evaluation must be at public expense.

ANNUAL NOTICE OF RIGHTS REGARDING STUDENT RECORDS

CONSENT FOR DISCLOSURE OF PERSONALLY IDENTIFIABLE INFORMATION (34 CFR 8300.622)

Unless the information is contained in education records, and the disclosure is authorized without parental consent under FERPA, your consent must be obtained before personally identifiable information is disclosed to parties other than officials of participating agencies. Except under the circumstances specified below, your consent is not required before personally identifiable information is

released to officials of participating agencies for purposes of meeting a requirement of Part B of the IDEA.

Your consent, or consent of an eligible child who has reached the age of majority under State law, must be obtained before personally identifiable information is released to officials of participating agencies providing or paying for transition services.

ACCESS TO CONFIDENTIAL INFORMATION RELATED TO STUDENT (34 CFR §300.611)

Related to the confidentiality of information, the following definitions apply:

- a. Destruction means physical destruction or removal of personal identifiers from information so that the information is no longer personally identifiable.
- b. Education records means the type of records covered under the definition of "education records" in 34 CFR Part 99 (the regulations implementing the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA)).
- c. Participating agency means any Charter School, agency or institution that collects, maintains, or uses personally identifiable information, or from which information is obtained, under Part B of the IDEA.
- d. Personally identifiable (34 CFR §300.32) means information that has:
 1. Your child's name, your name as the parent, or the name of another family member;
 2. Your child's address;
 3. A personal identifier, such as your child's social security number or student number;
or
 4. A list of personal characteristics or other information that would make it possible to identify your child with reasonable certainty.

Access Rights (34 CFR §300.613)

1. Parent Access - The Charter School must permit you to inspect and review any education records relating to your child that are collected, maintained, or used by the Charter School under Part B of the IDEA. The Charter School must comply with your request to inspect and review any education records on your child without unnecessary delay or before any meeting regarding an IEP, or any impartial due process hearing (including a resolution meeting or a hearing regarding discipline), and in no case more than 45 calendar days after you have made a request.

Your right to inspect and review education records includes:

- a. Your right to a response from the Charter School to your reasonable requests for explanations and interpretations of the records;
- b. Your right to request that the Charter School provide copies of the records if you cannot effectively inspect and review the records unless you receive those copies, and
- c. Your right to have your representative inspect and review the records.
 - i. The Charter School may presume that you have authority to inspect and review records relating to your child unless advised that you do not have the authority under applicable State law governing such matters as guardianship, or separation and divorce.

- ii. If any education record includes information on more than one child, the parents of those children have the right to inspect and review only the information relating to their child or to be informed of that specific information.
 - iii. On request, each Charter School must provide you with a list of the types and locations of education records collected, maintained, or used by the Charter School.
2. Other Authorized Access (34 CFR §300.614) – The Charter School must keep a record of parties obtaining access to education records collected, maintained, or used under Part B of the IDEA (except access by parents and authorized employees of the participating agency), including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

Fees

The Charter School may charge a fee or copies of records (34 CFR §300.617) that are made for you under Part B of the IDEA, if the fee does not effectively prevent you from exercising your right to inspect and review those records. The Charter School may not charge a fee to search for or to retrieve information under Part B of the IDEA.

Amendment of Records at Parent's Request (34 CFR §300.618)

If you believe that information in the education records regarding your child collected, maintained, or used under Part B of the IDEA is inaccurate, misleading, or violates the privacy or other rights of your child, you may request the Charter School that maintains the information to change the information. The Charter School must decide whether to change the information in accordance with your request within a reasonable period of time of receipt of your request. If the Charter School refuses to change the information in accordance with your request, it must inform you of the refusal and advise you of the right to a hearing for this purpose.

Opportunity for a Records Hearing (34 CFR §300.619)

The Charter School must, on request, provide you an opportunity for a hearing to challenge information in education records regarding your child to ensure that it is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of your child.

1. Hearing Procedures (34 CFR §300.621)

A hearing to challenge information in education records must be conducted according to the following procedures for such hearings under the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. Section 1233g (FERPA):

- a. The educational agency or institution shall hold the hearing within a reasonable time after it has received the request for the hearing from the parent or eligible student,
- b. The educational agency or institution shall give the parent or eligible student notice of the date, time, and place, reasonable in advance of the hearing.
- c. The hearing may be conducted by any individual, including an official of the educational agency or institution who does not have a direct interest in the outcome of the hearing.
- d. The educational agency or institution shall give the parent or eligible student a full and fair opportunity to present evidence to challenge the content of the student's education records on the grounds that the information contained in the education records is inaccurate, misleading, or in violation of the privacy rights of the student. The parent or

eligible student may, at their own expense, be assisted or represented by one or more individuals of his or her own choice, including an attorney,

- e. The educational agency or institution shall make its decision in writing within a reasonable period of time after the hearing.
- f. The decision must be based solely on the evidence presented at the hearing and must include a summary of the evidence and the reasons for the decision.

2. Result of Hearing (34 CFR 9300.620)

If, as a result of the hearing, the Charter School decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child, it must change the information accordingly and inform you in writing. If, as a result of the hearing, the Charter School decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of your child, you may place in the records that it maintains on your child a statement commenting on the information or providing any reasons you disagree with the decision of the participating agency.

Such an explanation placed in the records of your child must:

- a. Be maintained by the Charter School as part of the records of your child as long as the record or contested portion is maintained by the participating agency; and
- b. If the Charter School discloses the records of your child or the challenged portion to any party, the explanation must also be disclosed to that party.

3. Safeguards (34 CFR §300.623)

Each Charter School must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages.

One official at each Charter School must assume responsibility for ensuring the confidentiality of any personally identifiable information. All persons collecting or using personally identifiable information must receive training or instruction regarding your State's policies and procedures regarding confidentiality under Part B of the IDEA and FERPA. Each Charter School must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who have access to personally identifiable information.

4. Destruction of Information (34 CFR §300.624)

The Charter School must inform you when personally identifiable information collected, maintained, or used is no longer needed to provide educational services to your child, and the information must be destroyed at your request.

However, a permanent record of your child's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation.

PROCEDURES FOR DISCIPLINARY EXCLUSION OF CHILDREN WITH DISABILITIES

There are special rules in Pennsylvania for excluding children with disabilities for disciplinary reasons:

Authority of School Personnel (34 CFR §300.530)

1. Case-by-case determination – School personnel may consider any unique circumstances on a case-by-case basis, when determining whether a change of placement, made in accordance with the following requirements related to discipline, is appropriate for a child with a disability who violates a school code of student conduct.
2. General – To the extent that they also take such action for children without disabilities, school personnel may, for not more than 10 consecutive school days, remove a child with a disability (other than a child with mental retardation) who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension. School personnel may also impose additional removals of the child of not more than 10 consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement (see Change of Placement Because of Disciplinary Removals for the definition, below) or exceed 15 cumulative school days in a school year. Once a child with a disability has been removed from his or her current placement for a total of 10 school days in the same school year, the Charter School must, during any subsequent days of removal in that school year, provide services to the extent required below under the sub-heading Services.
3. Additional authority – If the behavior that violated the student code of conduct was not a manifestation of the child's disability (see Manifestation determination, below) and the disciplinary change of placement would exceed 10 consecutive school days, school personnel may apply the disciplinary procedures to that child with a disability in the same manner and for the same duration as it would to children without disabilities, except that the school must provide services to that child as described below under Services. The child's IEP Team determines the interim alternative educational setting for such services. Under PA special education regulations, a disciplinary exclusion of a student with a disability for more than 15 cumulative school days in a school year will be considered a pattern so as to be deemed a change in educational placement (explained under Change of Placement Because of Disciplinary Removals). The Charter School is required to issue a NOREP/Prior Written Notice to parents prior to a removal that constitutes a change in placement (removal for more than 10 consecutive days or 15 cumulative days).
4. Services – The services that must be provided to a child with a disability who has been removed from the child's current placement may be provided to an interim alternative educational setting. A Charter School is only required to provide services to a child with a disability who has been removed from his or her current placement for 10 school days or less in that school year, if it provides services to a child without disabilities who has been similarly removed. Students may have the responsibility to make up exams and work missed while being disciplined by suspension and may be permitted to complete these assignments within guidelines established by their Charter School.

A child with a disability who is removed from the child's current placement for more than 10 consecutive school days must:

- a. Continue to receive educational services, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and
- b. Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not happen again.

After a child with a disability has been removed from his or her current placement for 10 school days during one school year, or if current removal is for 10 consecutive school days or less, and if the removal is not a change of placement (see definition below), then school personnel, in consultation with at least one of the child's teachers, determine the extent to which services are needed to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

If the removal is a change of placement (see definition below), the child's IEP Team determines the appropriate services to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

5. Manifestation determination – Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct (except for a removal that does not constitute a change in educational placement i.e., is for 10 consecutive school days or less and not a change of placement), the Charter School, the Parent, and relevant members of the IEP Team (as determined by the parent and the Charter School) must review all relevant information in the student's file, including the child's IEP any teacher observations, and any relevant information provided by the parents to determine:
 - a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
 - b. If the conduct in question was the direct result of the Charter School's failure to implement the child's IEP.

If the Charter School, the parent, and relevant members of the child's IEP Team determine that either of those conditions was met, the conduct must be determined to be a manifestation of the child's disability. If the Charter School, the parent, and relevant members of the child's IEP Team determine that the conduct in question was the direct result of the Charter School's failure to implement the IEP, the Charter School must take immediate action to remedy those deficiencies.

6. Determination that behavior was a manifestation of the child's disability - If the Charter School, the parent, and relevant members of the IEP Team determine that the conduct was a manifestation of the child's disability, the IEP Team must either:

- a. Conduct a functional behavioral assessment, unless the Charter School had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or
- b. If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior.

Except as described below under the sub-heading Special circumstances, the Charter School must return the child to the placement from which the child was removed, unless the parent and the school agree to a change of placement as part of the modification of the behavioral intervention plan.

- 7. Special circumstances – Whether or not the behavior was a manifestation of the child's disability, school personnel may remove a student to an interim alternative educational setting (determined by the child's IEP Team) for up to 45 school days, if the child;

- a. Carries a weapon (see the Definitions below) to school or has a weapon at school, on school premises, or at a school function under the jurisdiction of the Charter School;
- b. Knowingly has or uses illegal drugs (see the Definitions below), or sells or solicits the sale of a controlled substance, (see the Definitions below), while at school, on school premises, or at a school function under the jurisdiction of the Charter School; or
- c. Has inflicted serious bodily injury (see the Definitions below) upon another person while at school, on school premises, or at a school function under the jurisdiction of the State Educational Agency or a Charter School.

8. Definitions

- a. Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in section 202 (c) of the Controlled Substances Act (21 U.S.C. 812(c)).
- b. Illegal drug means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.
- c. Serious bodily injury has the meaning given the term "serious bodily injury's under paragraph (3) of subsection (h) of section 1365 of title 18, United States Code.
- d. Weapon has the meaning given the term "dangerous weapon" under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code.

- 9. Notification – On the date it makes the decision to make a removal that is a change of placement of the child because of a violation of a code of student conduct, the Charter School must notify the parents of that decision and provide the parents with a procedural safeguards notice.

Change of Placement Because Of Disciplinary Removals (34 CFR §300.536)

A removal of a child with a disability from the child's current educational placement is a change of placement requiring a NOREP/prior written notice if:

- 1. The removal is for more than 10 consecutive school days, or
- 2. The removal is for 15 cumulative school days total in any one school year;

3. The child has been subjected to a series of removals that constitute a pattern because:
 - a. The series of removals total more than 10 school days in a school year;
 - b. The child's behavior is substantially similar to the child's behavior in previous incidents that resulted in a series of removals;
 - c. Of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another; and
 - d. Whether a pattern of removals constitutes a change of placement is determined on a case-by case basis by the Charter School and, if challenged, is subject to review through due process and judicial proceedings.

Determination of Setting (34 CFR §300.531)

The IEP must determine the interim alternative educational setting for removals that are changes of placement, and removals under the headings, Additional authority and Special circumstances, above.

1. General – The parent of a child with a disability may file a due process complaint (see above) to request a due process hearing if he or she disagrees with:
 - a. Any decision regarding placement made under these discipline provisions, or
 - b. The manifestation determination described above.

The Charter School may file a due process complaint (see above) to request a due process hearing if it believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

2. Authority of hearing officer – A hearing officer that meets the requirements described under the sub-heading Impartial Hearing Officer must conduct the due process hearing and make a decision. The hearing officer may:
 - a. Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of the requirements described under the heading Authority of School Personnel, or that the child's behavior was a manifestation of the child's disability; or
 - b. Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

These hearing procedures may be repeated, if the Charter School believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

Whenever a parent or a Charter School files a due process complaint to request such a hearing, a hearing must be held that meets the requirements described under the headings Due Process Complaint Procedures, Hearings on Due Process Complaints, except as follows:

1. The SEA must arrange for an expedited due process hearing, which must occur within 20 school days of the date the hearing is filed and must resulting a determination within 10 school days after the hearing.
2. Unless the parents and the Charter School agree in writing to waive the meeting, or agree to use mediation, a resolution meeting must occur within 7 calendar days of

receiving notice of the due process complaint. The hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 calendar days of receipt of the due process complaint.

A party may appeal the decision in an expedited due process hearing in the same way as they may for decisions in other due process hearings.

When, as described above, the parent or Charter School has filed a due process complaint related to disciplinary matters, the child must (unless the parent and the State Educational Agency or Charter School agree otherwise) remain in the interim alternative educational setting pending the decision of the hearing officer, or until the expiration of the time period of removal as provided for and described under the heading Authority of School Personnel, whichever occurs first.

Special Rules for Students with an Intellectual Disability

The disciplinary removal of a child with an intellectual disability attending the Charter School for any amount of time is considered a change in placement under 22 Pa. Code §711.61.

If a discipline problem involving a student eligible for special education with an intellectual disability is immediate or so severe as to warrant immediate action, the Charter School must first contact the parent/guardian to see if they will agree to the change in educational placement. If the parent/guardian agrees, the LEA will issue a notice to the parent/guardian. If there is no agreement, the Charter School may contact the PDE Bureau of Special Education at 717-787-6134 to request permission to impose a disciplinary exclusion which would be a change in educational placement. When PDE approves the change in educational placement, the Charter School must issue a notice to the parents/guardians. PDE cannot approve requests for a change in placement which would continue beyond 10 consecutive school days. When PDE does not approve the change in educational placement, the parents/guardians may request a due process hearing and then the pendency requirements under 34 C.F.R. §300.518 apply.

Protections for Children Not Yet Eligible For Special Education and Related Services (34 CFR §300.534)

1. **General** – If a child has not been determined eligible for special education and related services and violates a code of student conduct, but the Charter School had knowledge (as determined below) before the behavior that brought about the disciplinary action occurred, that the child was a child with a disability, then the child may assert any of the protections described in this notice.
2. **Basis of knowledge for disciplinary matters**
The Charter School must be deemed to have knowledge that a child is a child with a disability if, before the behavior that brought about the disciplinary action occurred:
 - a. The Parent of the child expressed concern in writing that the child is in need of special education and related services to supervisory or administrative personnel of appropriate educational agency, or a teacher of the child;
 - b. The Parent requests an evaluation related to eligibility for special education and related services under Part B of the IDEA; or

- c. The child's teacher, or other Charter School personnel expressed specific concerns about a pattern of behavior demonstrated by the child directly to the Charter School's director of special education or to other supervisory personnel of the Charter School.

3. Exception

A Charter School would not be deemed to have such knowledge if:

- a. The child's parent has not allowed an evaluation of the child or refused special education services, or
- b. The child has been evaluated and determined to not be a child with a disability under Part B of the IDEA.

4. Conditions that apply if there is no basis of knowledge

If prior to taking disciplinary measures against the child, a Charter School does not have knowledge that a child is a child with a disability, as described above under the sub-headings ***Basis of Knowledge for Disciplinary Matters*** and ***Exception***, the child may be subjected to the disciplinary measures that are applied to children without disabilities who engaged in comparable behaviors. However, if a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner.

Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the Charter School, and information provided by the parents, the Charter School must provide special education and related services in accordance with Part B of the IDEA, including the disciplinary requirements described above.

Referral to Law Enforcement Authorities (34 CFR §300.535)

1. The state and federal regulations do not:
 - a. Prohibit the Charter School (or other agency providing services) from reporting a crime committed by a child with disability to appropriate authorities; or
 - b. Prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

Subsequent to a referral to law enforcement, an updated functional behavior assessment and positive behavior support plan are required.

2. Transmittal of records

If a Charter School reports a crime committed by a child with a disability, the Charter School must ensure that copies of the child's special education and disciplinary records are transmitted for consideration by the authorities to whom the agency reports the crime; and may transmit copies of the child's special education and disciplinary records only to the extent permitted by FERPA.

THIS ANNUAL NOTICE AND STATEMENT OF POLICY AND PROCEDURES HAS BEEN WRITTEN IN ACCORDANCE WITH CHAPTER 711 OF TITLE 22 OF THE PA CODE AND INCORPORATED INFORMATION FROM APPLICABLE PDE AND STATE FORMS AND SOURCES.

THE CONTENT OF THIS NOTICE HAS BEEN WRITTEN IN STRAIGHTFORWARD, SIMPLE LANGUAGE. IF A PERSON DOES NOT UNDERSTAND ANY PART OF THIS NOTICE, HE OR SHE SHOULD ASK THE CEO OF THE CHARTER SCHOOL FOR AN EXPLANATION. THE CHARTER SCHOOL WILL ARRANGE FOR AN INTERPRETER FOR PARENTS WITH LIMITED ENGLISH PROFICIENCY. IF A PARENT IS DEAF OR BLIND OR HAS NO WRITTEN LANGUAGE, THE SCHOOL WILL ARRANGE FOR COMMUNICATION OF THIS NOTICE IN THE MODE NORMALLY USED BY THE PARENT (E.G., SIGN LANGUAGE, BRAILLE, OR ORAL COMMUNICATION).

THIS NOTICE IS ONLY A SUMMARY OF THE SPECIAL EDUCATION SERVICES, EVALUATION AND SCREENING ACTIVITIES, AND RIGHTS AND PROTECTIONS PERTAINING TO CHILDREN WITH DISABILITIES, CHILDREN THOUGHT TO BE DISABLED, AND THEIR PARENTS AND IS ONLY A SUMMARY OF THE CONFIDENTIALITY RIGHTS REGARDING STUDENT INFORMATION.

FOR MORE INFORMATION OR TO REQUEST EVALUATION OR SCREENING OF A CHARTER SCHOOL STUDENT CONTACT THE PRINCIPAL AND/OR THE DIRECTOR OF SPECIAL EDUCATION SERVICES AT FTCES.

NOTHING IN THIS NOTICE IS INTENDED TO CONFLICT WITH OR SUPPLANT THE INFORMATION CONTAINED IN THE PENNSYLVANIA DEPARTMENT OF EDUCATION'S CURRENT "PROCEDURAL SAFEGUARDS NOTICE" WHICH IS AVAILABLE THROUGH THE SCHOOL FOR YOUR REVIEW OR WITH APPLICABLE STATE AND/OR FEDERAL LAWS.
